MOHAMMAD HAYAT

6006856893 mohdhayat4732@gmail.com Banihal, J&K – 182146, India

OBJECTIVE

Passionate Computer Science Engineering student with hands-on experience in building REST APIs using Spring Boot. Strong problem-solving skills, quick to learn new technologies, and committed to continuous upskilling to deliver innovative software solutions.

WORK EXPERIENCE/ TRAINING

Frontend Development Training
Hoping Minds, Mohali, Punjab *June 2024 – August 2024 (45-Day Program)*

- Completed intensive 45-day training with excellent performance and positive mentor feedback.
- Built and deployed projects using HTML, CSS, JavaScript for real-time web development.

Java Backend Development Training 4+ Months
CODEFORSUCCESS. *May 2025 – September 2025*

- Learned Spring Boot and backend development practices.
- Developed projects like BlogHub, BookMyShow Backend, Money Management System, etc

SKILLS

- **TECHNICAL SKILLS:** JAVA Programmer || Spring Boot || Maven || Spring Data JPA || ORM(Hibernate) || Responsive Web Design || SQL || JavaScript and Basic React || Git & GitHub || Docker || JUnit/Mockito || Strong problem-solving || multitasking abilities

PROJECTS

- **BlogHub Platform** – Developed a comprehensive blogging website with secure authentication, blog management, categorization, and commenting using RESTful architecture. *(Java, Spring Boot, Spring Security, React.js, MySQL)*
- **Money Management System** – Built a personal finance tracking system with secure login, Income and expense categorization. *(Java, Spring Security, Spring Data JPA, MySQL)*
- **Additional Minor Projects** – Implemented multiple mini projects including CRUD applications, REST API integrations, and small web tools to strengthen full-stack Java skills such as (E-commerce, Weather, ToDo-List, etc).

EDUCATION

Bachelor of Technology – **Computer Science Engineering**
Arni University, Kangra (HP). *Expected Graduation: 2026*

Higher Secondary (10+2)
Govt. Higher Secondary School, Khari *2018 – 2021*

ACHIEVEMENTS

- Earned Greek for Greek **160-Day** Problem-Solving Certification.
- Received Full Stack Development and **Java Full Stack** Training Certificates.
